

OSCOR

CONSIGNMENT

Prior to calling Unshelf Design for consignment consultation, please ensure that your decor, artwork, and accessories meet the requirements online and that there are at least 10 suitable pieces available for pickup.

1 Consignment Consultation & Dropoff

Walk-ins welcome, appointments recommended.

Bring your decor, artwork, and accessories to our store - 3411 8th Street SE, Calgary.

An Unshelf Design Interior Decorator will assess all decor, artwork, and accessories and choose items for consignment based on condition, style, and trend-factor. Once consignment decor has been selected, client signs consignment agreement and we add items into bin for intake.

2 Cataloguing & Pricing

All consigned items are entered into our system under the client's file, along with their signed consignment agreement.

Unshelf Designs sets the price based on 50% of original retail price of similar items, with adjustments made for age, condition, and current market trends.

3 Vignetting & Styling

Consignment items are curated into complementary, stylized vignettes to sell as a part of professionally designed styling bundles.

*Not all items in a vignette will be from the same consignor.

4 Marketing

- Professional photography will be taken of styled vignettes
- Styled vignettes will be added to the website.
- Unshelf Design will share photos of styled vignettes on social media, marketplace, and other buy/sell groups.
- Items may also be sold to Unshelf Design's interior design clients or purchased by Unshelf Design for staging inventory
- Items will be added to the retail floor as space becomes available.

5 Sale Etransfer/Credit

CONGRATULATIONS!
We've sold your decor!

We will e-transfer consignor 40% of sale price of each item sold at the end of each month, upon request.

-----or-----
Consignor has the option to not withdraw funds and keep 100% of earnings PLUS an additional 5% as store credit.

*If an item does not sell within 60 days of consignment, it will be donated to a charitable thrift store or moved into staging inventory.
